Helping you move toward HIPAA compliance

CMS Annual Security Risk Assessment

Data management and Malware Protection

Complete Training

All Required Documentation

HHS is stepping up audits

▶ **Random audit program has started**

Dramatic Increase in enforcement MARCH 2016
Penalties/compensation reduction for data loss

▶ **Meaningful use audits**

Targeted at eligible providers - can trigger full audit that exposes data management failures

▶ **Breach investigations** (*very avoidable worst case!*)

Theft/Fire - Crypto Virus - Human Error – Lost PC

Typical complete service fee only \$1000/month.

\$100,000 product integrity backing

Protecting Your Most Valuable Asset – Information
